5 Conclusion

Sample frame title without animation

This is a text in second frame. For the sake of showing an example.

- Text visible on slide 1
- Text visible on slide 2
- Text visible on slide 3
- Text visible on slide 4

Sample frame title with animation

This is a text in second frame. For the sake of showing an example.

- Text visible on slide 1

Sample frame title with animation

This is a text in second frame. For the sake of showing an example.

- Text visible on slide 1
- Text visible on slide 2

Sample frame title with animation

This is a text in second frame. For the sake of showing an example.

- Text visible on slide 1
- Text visible on slide 2
- Text visible on slide 3

Sample frame title with animation

This is a text in second frame. For the sake of showing an example.

- Text visible on slide 1
- Text visible on slide 2
- Text visible on slide 4

In this slide

In this slide
the text will be partially visible

In this slide
the text will be partially visible
And finally everything will be there

- 5 Conclusion

The dataset information is shown in Fig. ??.

A sample frame with a table

Table 1: A sample table

Metrics	M1	M2
Accuracy	87%	88%
Precision	91%	90%
Recall	75%	77%

Table of Contents

- 1 Introduction
- 2 Related work
- 3 Proposed method
- 4 Experiments
- 5 Conclusion**

This is a text in first column.

$$E = mc^2$$

- First item
- Second item

This text will be in the second column and on a second thought this is a nice looking layout in some cases.

- You can cite a paper like this [1, 2].

- [1] Team, C.: Common vulnerability scoring system v3. 0: Specification document. First. org (2015)
- [2] Eiram, C., Martin, B.: The cvssv2 shortcomings, faults, and failures formulation. In: Technical report, Forum of Incident Response and Security Teams (FIRST) (2013)

Thank you!
